

Mossfield Cottage is a beautiful cottage that offers lots of great exterior appeal. It provides a bump out bedroom and a corner porch perfect for days outside in the shade. With our unique FlexAssist™ Bathroom, you can choose to have either a dry or wet bathroom. An eat-in kitchen that opens to the living room makes this cozy floor plan feel large. With easy living designed right into the plan, you hardly notice the feature-rich details that make the Mossfield Cottage the right choice for living independently.
